#### Grooming Experience

At Logans Groom, we want your pets grooming experience to be a stress-free and pleasant adventure. However, it is important to realize that all dogs react differently to grooming. If your pet does not respond well, an extra handling fee may be added to your regular grooming charge.

#### Health or Medical Problems

Occasionally, grooming can expose a hidden medical problem or aggravate a current one. This can occur during or after grooming. Please make sure to alert us of any current or past issues so that we may keep an eye out for them. All medical expenses for veterinary care will be covered by the pet's owner.

---

**Accidents:**

Every effort will be taken to make sure your pet gets groomed as safely and carefully as possible. But, unfortunately, accidents DO happen. Dogs are licking, scratching, jumping, and overall wiggly creatures. Dog grooming tools, by necessity, are sharp instruments. If there is a severe mishap we will contact you immediately but will take the necessary measures to get your pet the medical attention he/she requires. Logan Edgerly, acting as Logan's Groom will not be responsible for any financial costs related to this, including but not limited to, vet office expenses, surgeries, and transportation costs.

---

**Vaccinations:**

All pets are strongly recommended to be current on all vaccinations and are REQUIRED to be up to date on their Rabies vaccination in order to receive grooming services. Thank you for your understanding.

---

**Matted Coats:**

Animals with severely matted coats require extra attention. Mats in an animal's coat grow tight, and can ultimately damage and tear the animal's skin, which provides a breeding ground for parasite infestations. Logan Edgerly, acting as Logan's Groom will not cause serious or undue stress to your pet by dematting. Mats can be very difficult to remove, and may require the pet to be shaved. Removing a heavily matted coat can cause nicks, cuts or abrasions due to skin growths trapped in the mats. Heavy matting can also trap moisture and urine near the pet's skin allowing mold, fungus or bacteria to grow, producing skin irritations that existed prior to the grooming process.

After-effects of mat removal procedures can include itchiness, skin redness, self-inflicted irritations or abrasions and failure of the hair to regrow. In some cases, pets may also exhibit brief behavioral changes. Prevention is the best defense by scheduling regular grooming appointments, every 4-8 weeks. If your pet needs to be shaved to remove matting, by signing your initials, you acknowledge that you agree to this procedure, and any risk. There will be an additional charge for this process: it is time consuming, and causes extra wear and tear on grooming equipment.

---

**Satisfaction:**

Your satisfaction is very important to us. If you are unhappy for any reason with your groom, just contact us within 48 hours and we will schedule a time for you to come back for an adjustment at the next available.
